

## Assessment & Digital Technology in PE

This two hour workshop will focus on formative assessment tools for both junior and senior cycle PE. A variety of assessment tools and approaches will be addressed to help easily embed assessment in your current PE programme.

The session will incorporate peer and self assessment checklists, and explore the use of rubrics in a practical class setting. iPads and smart phones will be used to analyse movement technique through apps such as SloPro and the session will culminate with the development of a video presentation using 'iMovie' or 'VideoShow'. The eportfolio platform 'Showbie' will also be showcased to explain how the programme can be used to set assignments, manage student work and provide feedback online.

Please bring a fully charged device of your own. In advance of the workshop can you also download SloPro, iMovie (IOS) or VideoShow (android) and Showbie.

Education Centre	Venue	Date/Time
Drumcondra	St Aidans CBS, Collins Avenue West, Whitehall, Dublin 9	05/03/18 (4.30-6.30)
Navan	Loreto Navan	19/02/18 (4.45-6.45)
